CHARGES MOVIE STARS ARE PREY OF THE RICH

MISS JUANITA HANSEN, STAR, HELD IN DRUG RAID

By Cosmopolitan News Service.
New York, Jan. 12.—Do you know who gives the wild parties at Hollywood? Not the residents of the film colony.
Do you know who entertain at the exotic affairs the pretty picture girls and put drinks and other temptations before them?
Eastern millionaires!
"They make Hollywood a hell!" So spoke Juanita Hansen, beautiful motion picture star, who was free on \$250 bail today following her arrest on a charge of possessing narcotics. She was asked by Cosmopolitan News Service who famous movie folk at the film colony had become addicted to narcotics, ruining the health of such stars as Wally Field.
"The motion people are all right morally. It is the wealthy men from the East who have brought scandal to Hollywood," she said.
"The film colony rent a large house."

PELLETIER AND COAKLEY CLEARED

Former District Attorney Joseph C. Pelletier and Attorney Daniel H. Coakley, who had been found guilty of extortion by the Supreme Court of Massachusetts, and disbarred from the practice of law, met with a sensational vindication at the hands of the special grand jury called by Attorney-General Allen for the purpose of indicting them for criminal prosecution on the same charges today. The vindication caused the greatest uproar in the history of Massachusetts courts.

MIND OF MINISTER AFFECTED

Brainstorm Drove the Former Boston Cleric to Commit Suicide, Say Friends

By International News Service.
New York, Jan. 12.—Relatives of Rev. Dr. Percy Gordon, late of Boston and former rector of St. Bartholomew's Church, today denied there was any real foundation in the rumor that linked the clergyman's name with that of a woman in his congregation, following the discovery that the rector had committed suicide.

"Dr. Gordon was sixty years old and had led an honorable, virtuous life, but has recently suffered a brainstorm," said one of the relatives in commenting upon the suicide.

"The story which links his name with that of a woman is wholly without foundation. The woman is married, far from young and is the essence of respectability. Their relations have been absolutely gentlemanly in spite of all rumors to the contrary. The whole affair is strange and pathetic."

The body, it is expected, will be buried today from the church where he was rector.

Rev. Mr. Gordon, a Harvard graduate of '94 and well known in New York society after and killed himself with a newly purchased revolver in a bathroom off his sleeping room in the Hotel Wolcott.

Gordon, member of the University Club and one of the sons of American Revolution, fifty-nine years old, and had lived up to last autumn in a smart apartment at No. 104 Mass. Fort St. before he died.

FRANCE WINS \$71,000 "REPARATIONS" IN U. S.

Washington, Jan. 12.—The French Republic was given an award of "reparations" against the United States Railroad Administration today by the Interstate Commerce Commission amounting to \$71,000.
The director-general of railroads was ordered to pay that sum to the French agents on or before February 29, on the ground that illegal demurrage and storage charges were assessed against French shipments of munitions of war at Wilmington, Del., during 1918.

SHIP SUBSIDY BILL ADRIFF, HOPELESS

Washington, Jan. 12 (By International News Service).—The administration's ship subsidy bill was thrown out today seemingly without hope in the Senate. While Republican opposition worked strenuously to devise some method by which it could be brought out for definite action, there is strong doubt, even among its most ardent supporters, that it would be voted upon at this session.

REVEALS PLOT TO ROB CITY

The investigation has revealed over \$1,000 has been fraudulently accepted, in one case it was that of a German in the employ of the city who was on the receiving end, both from the fire department and from the Soldiers' Relief Department.

Suits, Overcoats & Ulsters

Made to retail at

\$30, \$35, \$40 & \$45

The most phenomenal, far reaching and important news of the day in Men's Clothing circles! An event which, in the face of the much higher and constantly rising costs of production, stands absolutely unparalleled in the city of Boston.

Note These Facts, Men:

Woolens have gone up from 25% to 40%. Labor costs more. Linings, canvas, buttons, sewing silks and findings are much higher priced than last year. THESE GARMENTS COULD NOT BE MADE TO DAY FOR LESS THAN 50% MORE THAN OUR SALE PRICE!

Despite these facts, we are going to sell every one of these Suits and Overcoats for \$20 each! Why? Because the output of the clothing industry this season was greater than the market could absorb. The reason for this goes back to the unseasonably mild weather all during the season, from October through to January 1st. Our vast buying power and huge outlet through our chain of stores placed us in a position to make the most of this expected opportunity and bring about this extraordinary saving for our customers.

Norfolk, Va., Jan. 11.—The German steamship Heinrich Kayser, which left Norfolk December 3, and was not heard from since December 4, when she reported by wireless that her steering gear was broken, has been lost at sea, it is believed in local marine circles. The vessel carried a crew of thirty men and three passengers, one of whom was Juan Macias, Consulate of the Cuban Consulate Corps, recently transferred from Charleston, S. C., to Berlin.

Atlantic City, N. J., Jan. 11.—Swindlers dealing in false stocks took a profit of \$600,000,000 from their victims during the last year, according to reports to the executive committee of the Associated Advertising Clubs of the World by their national vigilance committee here. The executive committee adopted resolutions urging Congress and other legislative bodies to make appropriations adequate to meet these growing crimes against the people.

SALEM FORBIDS
KLAN PARADES
AND MEETINGS

The first ban by a municipal government in New England on the Ku Klux Klan was effected when the City Council of Salem voted unanimously in favor of an order to prohibit parades, meetings and other forms of K. K. K. demonstration.

The council went on record as an unqualified opponent to the principles and activities of "the Invisible Empire."

The order was introduced into the council by Councilman Michael J. Ryan of Ward 4 at the request of Division 18 of the Ancient Order of Hibernians. The petition given him for introduction was drawn up and signed by a committee of three from that division.

The members of the local Hibernian division who signed the petition were Daniel H. Donahue, financial secretary; Dennis F. Foley, treasurer; and Austin P. Conway. The passage of the bill by the City Council was the first intimation that the Klan had been thought of in this city.

Clear Ku Klux Klan
in Woburn Church Fire

The fire which damaged St. Charles Church Rectory in Woburn three weeks ago was not incendiary, according to the fire marshal George C. Noel. He handed his verdict on the report of a thorough investigation by Timothy A. Murphy, his assistant.

Archibald Cox of Main street, Woburn, testified in a secret hearing in Woburn Central fire station that he had met two men on the street shortly before the fire was discovered.

The descriptions of these men were thought to tally with those of two men said to be active in Ku Klux Klan activities who were under suspicion for alleged incendiaryism. The report of the fire marshal has ended this train of investigation. He said, "It is impossible for any person to have started a fire at that point in the building where the blaze broke out."

LANDLADY, FREE,
CLAIMS COP
ABUSED HER

Miss Eustacia Reid, keeper of a lodging house at No. 129 Worcester street, South End, was today found not guilty of charges of drunkenness, brawling and violation of the lodging house law.

The charges grew out of the attempt of a Miss Helen Channell to get back some clothing she had left in a room of one of the lodgers, whose guest she had been.

When Miss Channell appeared at the lodging house with Patrolman William Lee of the East Dedmont street station, it was related before Judge Murray in Municipal Court, Miss Reid refused to give up the clothing because the roomer in question was delinquent in her lodging bill.

When Patrolman Lee suggested that Miss Reid allow Miss Channell to get a pair of shoes she had in the room, in order to discard the pumps, she was forced to wear in the snow and slush, the landlady became abusive, it was charged. She was arrested.

After listening to the evidence, Judge Murray decided that Miss Reid was not guilty of any of the charges and discharged her, suggesting that the matter of the clothes held by the landlady be settled out of court.

18 NAVAL SCOUT PLANES ON RECORD CRUISE OF 6,000 MILES

SQUADRON WILL JOIN FLEETS

Fliers to Aid in Sea Manoeuvres on Both Atlantic and Pacific Coasts

By International News Service.
Norfolk, Va., Jan. 12.—Eighteen scout planes, the "eyes" of the navy, left Hampton Roads today on the first leg of a record cruise that will cover approximately six thousand miles before they return to base here.

The cruise is the greatest undertaking the naval air service has ever attempted, and in point of distance and number of planes involved is one of the most pretentious movements in aircraft history.

The squadron has been detailed to take part in the joint manoeuvres of the combined Atlantic and Pacific fleets off Panama in March, and will play an important part in the experiments that are to be conducted with the radio-controlled battleship Iowa.

One of these tests will be firing at the target from the big guns of the battleship Mississippi, at a range of from twelve to fifteen miles.

This range is far beyond the vision of spotters aboard the battleship and the target will be located and fired at by the scout planes overhead. The squadron is under command of Lieutenant-Commander H. T. Barlett.

DANIEL R. CRISSINGER

Former townsmen of President Harding, now Controller of the Currency, named as Governor of the Federal Reserve Board to succeed W. P. O. Harding, who resigned last August.

HARDING NAMES CRISSINGER TO RESERVE BOARD

Washington, Jan. 13 (By International News Service).—The uncertainty that prevailed in financial circles throughout the country since last August, when W. P. O. Harding resigned as governor of the Federal Reserve Board, was ended today when President Harding sent to the Senate the nomination of Daniel R. Crissinger of Marion, Ohio, present controller of the currency, to head the government's banking system.

W. P. O. Harding, in the meantime, has been named to head the Federal Reserve Bank in Boston.

As the governorship of the Federal Reserve Board has been vacant since Harding's term expired on August 9, Crissinger will assume his new duties as soon as the nomination has been confirmed by the Senate.

To succeed Crissinger, as controller of the currency, President Harding nominated James G. McNary of New Mexico, a prominent banker of the Southwest, while Milo D. Campbell of Cold Water, Mich., was selected as the "dirty farmer" member of the Federal Reserve Board.

DRESSMAKERS ELECT 'WILL HAYS OF INDUSTRY' AT \$5,000 A YEAR

GRANTED CZAR-LIKE POWERS

Will Hays of the Associated Dress Industries of America rules every one of the five largest industries in the country, while in doing a business amounting to between \$100,000,000 and a billion dollars a year.

By WILLIAM HANDFOR.
(Copyrighted News Service.)

New York, Jan. 12.—The dressmakers today have a dictator like the movies, baseball and the theatre.

The Will Hays of the Associated Dress Industries of America rules every one of the five largest industries in the country, while in doing a business amounting to between \$100,000,000 and a billion dollars a year.

He is David Moskowitz, a lawyer, and it is unofficially reported that his salary is to be \$100,000 a year.

Mr. Moskowitz was elected at the annual meeting of the association at the Waldorf-Astoria Hotel.

He was given plenary powers to speak up for the needs of the industry, and the manufacturers' standpoint, and his appointment is regarded as the first step looking toward creation of a representative of all the needs of the industry.

Mr. Moskowitz's powers will extend to all the firms in the organization. The 400 firms who are said to do the bulk of the billion dollar business annually in the industry are operating in New York, Chicago, Boston, Los Angeles and San Francisco and other cities.

Among the first knotty problems the dictator of the dress industry will have to settle are those concerning the return of goods, cancellations of contracts, the credit situation and the settling of disputes between members and customers who sell to and buy from.

While the association includes chiefly women's apparel makers, it was predicted at the meeting that the cloak and suit industry, waist and skirt trade and manufacturers of other kinds of garments, would eventually be merged into one huge organization.

An organization of associate members include at present makers of place goods, silk, wool, cotton, ribbons and embroidery.

An armed guard, a member of the revenue force, is shown guarding barrels of old Kentucky whiskey taken from storage here and shipped to Glasgow, Scotland, on a New York line vessel, the City of Plover. Revenue men, with army revolvers strapped around their waists, stand watch over the liquor while it is being stored in the ship's hold until the line warms off from the dock. The liquor will sail for 12 a quart overseas.

STORM-TOSSED SCHOONER PUTS IN AND QUILTS

"Enough's enough, and I know when I've got it," said Captain Stevens of the three-masted schooner Frank Bedford today. The Frank Bedford left Buzzards Bay, N. S., November 16, for Hartford, Ct., with 24,000 feet of lumber, and since then life has been "just one damned blizzard after another" for all on board.

The schooner has hugged the shore all the way down, ducking under cover whenever the weather got bad, and was nearly all the time there is hardly a hole in the rock-bound coast of Maine from Eastport to Kittery that hasn't sheltered her for a night or two during the long, tedious passage.

She arrived in Boston harbor just as today's nor'easter blizzard was fixing itself up to take the sticks out of unwary little schooners. Here Captain Stevens was met by orders to load his lumber onto railway cars for shipment to Hartford. The people there have got tired of waiting for it. Somebody wants to build a house down there.

BRING LIQUOR THREE PIANO NOVELTY AT JORDAN HALL
By FOX FARMER.
Last night at Jordan Hall Hans Kibell and his three artist pupils, Macagertie Morgan, Lena Turmarkin and Frank Hansway, gave a recital, before an audience whose enthusiasm outweighed the numbers.

Mr. Kibell appeared twice during the course of the evening, playing the Brahms Sonata, Opus 2 and the Last Etude in A flat. He proved to be an exceedingly interesting pianist. He succeeded where many others of more fame have failed, to make the Brahms Sonata interesting from first note to last. There is

lots of individuality and character in Mr. Kibell's playing. A contrapuntal paraphrase by Lisowsky on Weber's "Invitation to the Dance" for three pianos was played by the three artist pupils.

HUGE QUANTITY OF BOTTLES LAID

Washington, Jan. 12.—An immediate report was received from the prohibition officials here from the New York State officials and other persons.

Highlands, N. J., Jan. 12 (By Associated Press).—The great rum fleet of twenty-two vessels which bobbed up yesterday off Sandy Hook with the New York naval squadron was being towed back to New York City.

Observers estimated that thousands of cases had been landed. The rum fleet, presumably hailing from the Bahamas, still had a vast stock still to dispose of to holders snatching out from the coast. The liquor already landed was reported to have been sent to New York City, Philadelphia, Washington, and other cities.

Whiskey, gin, champagne, and wine all were offered for sale and competition has developed among the shippers of the rum ships.

The power boats seized were the Margaret R., a cabin cruiser; the Evelyn, a fishing boat; and the Nanna, a fishing boat.

The Margaret R. fell in with the coast boat in the dark, thinking her a friendly vessel. The Margaret then was used to capture the Evelyn, and the Evelyn, one of the fastest power boats off Highlands, ran the Nanna and laid down.

One of the three men who escaped capture by jumping ashore was today taken to New York City.

"What a fine lot of rum!" said, laughing, "the lot will pay me insurance for both boat and cargo."

He refused to give details of the haul, admitting, however, that there was a powerful and wealthy rum runner organization here and that the usual family reunion and dinner will be omitted.

JUDGE SPARKS AMERICAN IN ERRANT BOY IN GERMANY COURTROOM

By International News Service. Wilton, Ct., Jan. 12.—Justice George W. Ogden, presiding over a session of town court today, carried out his own sentence, when no one else could do it, after he decided a spanking was due a small boy who entered the summer home of Miss Lillian Littlehales here and took some canned goods home.

A state policeman, who solved the mystery of the break, pleaded lack of experience, as being unqualified when Justice Ogden asked him to perform the ceremony. When the boy's father offered, saying "I'll knock the stuffing out of him," Justice Ogden thought that was too severe and finally remanded, "I am equal to the emergency, for I was once a school teacher."

So the justice took off his coat and administered punishment in full view of the courtroom.

SAYS MEN CO-LAXENE HAS Double Action on Bad Coughs and Colds

Home-Made Medicine Creates Sensation! Checks Cold—Stops Cough—Attacks and Every Family Invited and Urged to Use It. Eliminates Cause and Quick Recovery Follows. Very Inexpensive Too. Better By Far Than Pine or Tar.

Listen—Learn—Profit

BEFORE a wise doctor and chemists perfected essence Mentho-Laxene with which to make "home-made cough syrup"—there existed myriads of "cough syrups" sold in tiny bottles at 25c to 50c. Some contained alcohol, opium, or other drugs, and they were "good repeaters"—people bought dozens of bottles in a season.

Mentho-Laxene does not contain any opium, heroin, morphine, chloroform, or any narcotic or habit-forming drug whatsoever. It is purely alone that makes its efficiency.

Thousands who have used it—can, and will, tell you that Mentho-Laxene has a double action—it checks the cold, stops the dreadful coughing, soothes and heals the inflamed mucous lining; AND IN ADDITION, attacks the cause and eliminates them, thus ending the coughing entirely. Mentho-Laxene is, therefore, both "cough medicine" and "system cleaner," and that's why it is "quick acting" and growing in popularity by leaps and bounds.

It can be taken in 10-drop doses, as you buy it—or mixed with sugar syrup.

A Bottle of Mentho-Laxene Makes a Full Pint of Quick Effective Cough Syrup

You mix Mentho-Laxene with sugar syrup, honey or molasses, that's all it has a delicious flavor; it is laxative—mildly so—it is expectorant and its penetrating vapors quickly soothe and heal the inflamed nostrils, throat, bronchial tubes and all passages. Old-timers who have "tried them all" say that there is nothing so prompt and sure as Mentho-Laxene. Mothers who have worried themselves sleepless trying "this, that, and the other," say there is nothing "in the world" as good and safe for children as Mentho-Laxene.

Everybody who buys Mentho-Laxene saves about \$3.00. And \$3.00 is worth while saving—even for rich folks in this day and age.

How You Save \$3.00

Ordinary cough syrups cost from 35c to 50c per 1½-oz. to 3-oz. bottles. A pint of Mentho-Laxene would cost you only \$3.00. Eleven bottles at 35c would cost \$3.85. A pint of Mentho-Laxene will cost you only 75 cents. You save \$3.00 by using Mentho-Laxene.

A WHOLE PAGE OF ADVERTISING won't tell you as much about Mentho-Laxene, as a few days' use of it will—and if you are not pleased the manufacturer refunds purchase price. It has always been thus guaranteed—and in twelve years less than 50 persons have asked for refund of money, although hundreds of thousands have bought it. Every bottle has directions for making and using.

REWARD—The Blackburn Products Company hereby offer a Reward of \$1000 if every letter published is not the genuine unaltered expression of the users of their medicine, given without pay of any kind.

MOTHERS WANT NAVY TO HUNT RUM PIRATES

Washington, Jan. 12.—Freshet landing was asked today to take measures preferably the United States navy, to "protect the helpless" people of the Atlantic coast against the invasion of pirates, otherwise known as rum runners.

The request was made in a joint letter from the National Congress of Mothers and Parents Teachers' Association.

The invasion now in progress is on a wholesale basis, the letter stated, and there are no government gunboats along the New England coast, and only one in New York harbor available for prevent "this invasion."

"Unless the navy comes to their assistance these people are helpless," the letter stated.

"It is weakening to the morale of the youth of the nation to see a quantity of helpless in the face of such wrongdoing as now obtains all down the Atlantic coast."

"These helpless coast people hope that in some way the navy will be able to come to their rescue."

TOURISTS BARRED FROM KING'S TOMB

Luxor, Egypt, Jan. 12.—Street jamming was experienced here over the announcement that the Valley of the Kings, in which was discovered recently the tomb of King Tutankhamen, would be closed to all Egyptian tourists as a result of arrangements made by the London Times.

Two American tourists, evidently returning to the children of the King at their home and other relatives, were removed from the tomb.

Attorney William C. Mac-
Gure recommended the whipping
post for Frank P. Judge,
charged with beating his wife,
and offered to hold the whip,
when he appeared as counsel
against him in the East Boston
Court today.

Judge Lane went upon the
opinion that no red-headed man
would beat a woman and certainly
not a wife, tried Judge P.
According to testimony, Judge
who lives at No. 20 Maine, a year
ago made his wife spend the greater part
of one night partly dressed in the
cold street. He then sat her up
and when she called for the police
beat her up some, knocking out
two teeth, cutting her nose and
inflicting other injuries.

Mrs. Annie L. Soule, Judge's
mother, was found not guilty of the
charge of assisting in the beating.

3 CARRIED OUT

Three persons—a man, a woman
and a baby—were rescued in an
alarms house fire at No. 713 Western
avenue, West Lynn, today.

distinguishing themselves at the fire.
Murphy dropped to the room of

and carried Angelos on his back to the

their way to the rooms occupied
by Mrs. Irene Hunt, and carried her
and three-month-old infant to safety.

All three were suffering from
smoke suffocation, but recovered
after treatment at a nearby drug
store and were able to return in the
room after the fire was extin-
guished.

Insurance was about \$100,000.
The cause of the fire, the police say, was
a defective chimney.

Flees Bandits

FREDERICK G. POLEY.
Driver in registered mail truck
who fled quartet of holdup
men on Congress street.

DRIVER FOOLS REGISTERED MAIL HOLD-UP

What it thought to have been an
attempt to hold up an armored mail
wagon used in the delivery of regis-
tered U. S. mail from the general
postoffice to the railroad station was
frustrated by the prompt action
of Frederick G. Poley of No. 20
Howard street, Roxbury, chauffeur
of the wagon.

Four men seen at the entrance to
an alleyway near the Exchange
Building on Congress street are be-
lieved by Poley to have planned to
rob the wagon.

Poley was driving the wagon from
the South Station to the North
Station. He had just delivered
registered packages valued between
\$20,000 and \$75,000 to the railroad
mail clerk of the Boston Police
Express at the South Station.

As he neared the Exchange Build-
ing a man in a fur coat stepped out
and held up his hand for the driver
to stop. Instead, Poley attempted
to draw his revolver, but the weapon
went off in the holster. Then the
chauffeur noticed three other men
cursing in a doorway, apparently
ready to run out to the street the
moment the wagon was stopped.

Poley at once pressed his foot on
the accelerator and sped off. On
his arrival at the North Station the
police were reported to the police
station, where they were sent to in-
vestigate, but failed to find any trace of
the men.

Poley who has been in the mail
service for three years, served in
the aviation corps during the war.

HUNTINGTON DEFEATS MEDFORD 33 TO 26

Huntington School's track team opened the indoor season with a victory over Medford High, 33 to 26, at the Y. M. C. A. gymnasium. One school record was broken when Gail Robinson of Huntington and Harold Mooney of Medford tied for first place in the high jump at 5 feet 10 1/2 inches. The old mark was 5 feet 9 1/2 inches, held by Robinson and many last year.

The unexpected triumph by Captain Bill Spinsky of the Red Cross team, over the Huntington team, 20 to 10, was a surprise to all.

is in the 200, and the surprising win of Eddie Hall of the Hart Day school in the 1,000 yard run. Made Hunt squawk wild.

Every event was hotly contested by both sides. When the teams lined up for the relay race, which Huntington won, only two points separated the teams. It took all the strength of the Huntington band when they placed five men in the trial heats of the 40-yard dash against Medford's one. But Moore came through in big league fashion for Medford. He scored home a winner over his five opponents, who cut the remaining three points.

The racing from that event was the keenest seen at the "V" gym in years.

The relay which dented the mile was won by masterful Gaby by Huntington, Kelley and Moore gave their all to put Meador out front, but were tired from their other races.

Hall, one of the Huntington boys, came through in the 1600-yard run over today's track as a real contender. A win for Huntington looked probable until it was announced that Curtis Parker could not compete because of a wrenched ankle.

Hall took the lead at the end and was never headed. He was hard pressed by John Johnson, a freshman; who was also after his sister, but had sufficient reserves to hold them off and also Stuart, who made a

YOUNGSTERS KEEN TO ENTER FOR THE GOLD SKATES RACES

OLDER SKATERS HAVE THEIR EVENTS ALSO

By CHARLES E. PARKER.
Bill Vigor of No. 20 Hewins street, Dorchester, is all stirred up over the claims made in this column last Tuesday by Joe Macchaberi, the GOLD SKATES EDITOR, instructing him to set aside a pair of GOLD SKATES for him because he was sure to win the final GOLD SKATES race for boys under fourteen. Joe even hinted he might step out of his claws and beat the fourteen to sixteen-year-old boys if those in charge of the races would permit him to try it.

That's what sent Bill Vigor a mile in the air. "You can tell this boy, Joe Macchaberi, he has another game coming to him," wrote Bill Vigor to the GOLD SKATES EDITOR. "I read in Tuesday's Boston American where he said he would win the race and thought he could beat anyone under fourteen."

"But I think he's got another think coming to him when we meet to the final. For I am going to win the GOLD SKATES, and I mean every word I say. I don't think he will have a chance when I am there, because I want those GOLD SKATES and propose to win the race. That's me, Bill Vigor."

Bill was one of about forty new entrants to file blanks with the GOLD SKATES EDITOR of the Boston American this morning. For the most part the entrants were those who will compete in the races for boys under fourteen years of age.

Older skaters should know there are races for them, and that in some cases the competition will be anything but strenuous unless a great many more enter, the older classes.

Twelve of the sixteen prizes to be presented there who finish first and second in each of the eight finals reached the office of the GOLD SKATES EDITOR this morning, and will be sent to Gold Skates Publishing Company, which is preparing them for presentation to the winners.

Included in the prizes received were eight pairs of tobacco racing skates presented by Messrs. John Dowd of the Winchester (Road) Borne on Washington street, and by Joseph J. Conway, president of the Horace Partridge Company on Franklin street. The remaining four pairs were hockey skates presented by the Winchester (Road) Borne to be awarded as second prizes.

Other prize skates are to be presented by the James W. Borne Company of Devonshire street, the A.G. Spaulding Brothers, Sumner street, and Wright & Dixon's, Washington street, while the shoe, except in two instances, will be presented by the Gregory & Reed Company of Lincoln street.

Today's entries were:

Medbury Says That Wedding Rehearsals Fail to Make Husbands Better

By John P. Medbury.

It was standing ready to play the game part in case the groom got "chuck right" a lot of ministers are trying to do a little more to make the rehearsal more of a business of making the bride and groom better husbands.

Many a minister has been disappointed in the results of a wedding rehearsal. He has seen the bride and groom, who were so perfect in the rehearsal, become so much more of a nuisance in the actual wedding. He has seen the bride and groom, who were so perfect in the rehearsal, become so much more of a nuisance in the actual wedding.

One guy was an actor and began "pulling" all the way through the ceremony. The bride finally complained and the minister made him stop in his time.

The actor had two "sides" to him. His wife and her mother.

The average husband to be is a little nervous and a little bit of a "chuck" in the rehearsal. He is a little nervous and a little bit of a "chuck" in the rehearsal. He is a little nervous and a little bit of a "chuck" in the rehearsal.

The Winning Nifties

What is the difference between a winning nifty and a losing nifty? The difference is in the way they are played. A winning nifty is played with a winning strategy, while a losing nifty is played with a losing strategy.
